# Timeline of America the Beautiful

## by Ray and Charlene Notgrass

### How to Use This Timeline

A timeline assignment is listed in the Activities section at the end of most lessons in *America the Beautiful*. To complete a timeline assignment for a certain lesson, simply turn to the assigned year in *Timeline of America the Beautiful* and find the blank that has the correct lesson number in parentheses. Copy the assigned statement in the blank. You may have to write small to get all the words on the blank provided. When you write your timeline assignment, read the other things that happened during that year and the years before and after it.

Many timeline pages have either historic illustrations or illustrations of God's Wonders in America. You may color these if you wish. Enjoy creating your own personal timeline of American history.
